

TREE & WOMAN: SISTERS

Dedicated to Forest Conservation.

LIKE TO A TREE IS WOMAN, sheltering with her love; strong, to resist the adversities of storm or calm; fixed in purposes for growth and harvest; dominant, yet wielding her scepter with the Grace of Power, firm of foundation and fearless for the right.

AS THE TREE, WOMAN sends her roots deep into the soil of existence the while she reaches upward, by day and by night pointing to Heaven, as she basks in the Sunshine of Joy, or yields herself to the buffetings of Fate or the elements.

SERVICE her watchword, Woman gives of her protection, of her bounty, of the Elixir-of-Life; of members of her body, burning herself out to ashes for those who are in need of the warmth of her.

FINE-GRAINED and well-seasoned is her timber and aristocratically unassuming is her poise and posture. In simple Dignity is her fruitage her beauty borne; and when bent or maimed by what has assailed, she covers herself with new and beautiful raiment, and stands tranquil and smiling at her Post of Duty.

CONSTANTLY seeking the true understanding of the Spiritual, that others shall be sustained, comforted and cheered, Tree and Woman are Sisters through the Ages.

Club Garden Section To Plant Flowering Peach Trees on Arbor Day

Members of the garden department of the Woman's club will plant two flowering peach trees on the clubhouse grounds, Mar. 7, Arbor day, thus honoring the dream of Mrs. Nellie White, one time chairman of the department, who originated the idea of making Arcadia a city of flowering peach trees.

Chairman Mrs. Charles Ganther presided over the luncheon meeting last week in the solarium of the clubhouse when plans were made for the flower show in May. Mrs. Charles Van Ausdol, Mrs. C. G. Messenger and Mrs. Earl Dettra gave short talks on raising plants and flowers in preparation for the show.

The luncheon tables were beautifully decorated in the Valentine theme by Mrs. E. J. Verhoef and committee with an exceptionally attractive Valentine adorning the chairman's table.

At the conclusion of the business, the department was delightfully entertained by 1600 feet of colored film of Hawaii through the courtesy of Joe Burcham, on the faculty of MAD high school.

The pictures were taken by Burcham on a vacation trip to the Islands in 1948 and were accompanied by recorded music and description of each picture. The garden-minded ladies were interested in the different types of orchids, especially the vanda type and the cattleya, of which the choice varieties are grown in glass houses. Some plants were 10 feet high with the choice white plants selling from \$200 to \$400 each. Among the trees shown were the orchid, banyan, shower and different colored variegated varieties.

Also much employed were pictures showing native dancers. One dancer wearing a long chartreuse dress with a train, an opposite extreme to the short grass skirts in other scenes, displayed the grace and charm of the native dance.

The leis are sold to passengers on the incoming and outgoing steamers by the natives, who are protected by the government. The last picture showed the passengers on a homeward-bound steamer casting their leis into the sea as the ship passed Diamond Head, thus assuring their return to the Islands.

The department expressed its appreciation to Stanley Lucas son of Mrs. Russel Lucas, a department member, for bringing Burcham and his fine program.

Garden Section Pays Tribute To Nellie White

Mrs. Charles Ganther presided last week at the regular meeting of the Woman's club garden department in the solarium of the clubhouse. She read a letter from Mrs. White expressing the wish that the club would plant a flowering peach tree on Burbank's birthday.

PLANT FLOWERING PEACH TREE—Members of the garden department of the Arcadia Woman's club voted to plant a flowering peach tree on the clubhouse grounds on Arbor day, to perpetuate the dream of Mrs. Nellie White, a past president, that Arcadia be a city of flowering peach trees.
